

## COSHH ASSESSMENT

**Trade name:** Medium Density Fiberboard

**Designed use:** Engineering Material for Laser Cutting

**Hazardous properties:** Corrosive Toxic Harmful Irritant Flammable

**Intended use:** Engineering Plastic, to be Laser Cut to shape

**Locations of use:** 0T039

**Frequency of use:** Daily Weekly Monthly Annually

**Duration of each use:** 10 mins 1 hour 1 day

**Number of users:** 5+ Staff

### CONTROLS OF EXPOSURE

**Work environment:** Ventilated Lab, laser cutter fumes passed through filter unit supplied by laser cutter manufacturer

**Personal protection:**

Hands: (specify gloves) n/a

Eyes: (specify eye protectors) n/a

Breathing: (specify masks) n/a

Body: (specify overalls/aprons etc) n/a

**Limiting persons in area:** n/a

**Training requirements:** Trained Persons only to use lasercutter

**Storage requirements:** (special) none

**Other requirements:** none

**Assessment by:** Sam Coupand

**Date:** 17/10/12

**To be reviewed:**
